 Items identified with this symbol need supplemental lighting and warm night temperatures of at least 60 degrees to finish properly.

A Special Note on Pricing for 2011/12: As in the past, a 10% EARLY SHIP discount is available for orders of 11 trays or more shipped August 29 through November 18 when the plants have not yet been precooled. Orders shipped between November 21 and February 24 will be billed at regular catalog prices. Late orders shipped after February 27, 2011 will be billed at LATE SHIPMENT PRICING, a \$.02 increase over the listed prices. This is due to high fuel and storage costs incurred by holding the plants later in the season.

AND, NEW FOR 2012, Swift is now offering PREBOOKING for orders of 50 cell perennials from March 26th through April 27, 2012. These plants will be held dormant with new cold storage capabilities for better scheduling of crops to get predictable blooms throughout the season. An additional charge of .05 per plug will be added to the price of these prebooked plants to cover the cost of cold storage.

As in the past, at once orders from availability will still be shipped with no artificial cooling at Late Season pricing for as long as the plants can be sent safely.
