Discounts	5% early ship pricing for 275 cell trays shipping between September 8, 2025 and December 12, 2025. Additional discounts for 50 cell trays based on ship date. Please call for a specific quote, as these are approximate: • Approximately 3¢ per plug discount when shipping between November 24, 2025 and February 20, 2026. • Deeper discounts for 11+ non-vernalized trays shipping between September 8, 2025 and November 21, 2025. Volume discounts available on a per shipment basis, starting at 11 trays; save as much as 10¢ to 20¢ each on 50 cell trays, and 1.5¢ to 4.5¢ each on 275 cell trays, depending on ship date. Select items are not eligible for volume discount, please contact Germania Seed Company for any questions, or for a quote.
Claims	Must be reported to Germania Seed Company within 48 hours of receiving plants. Photos are requested to aid in assessing claims when possible. Please take clear photos of any damage to the box and/or plants and include the tray label whenever possible. <u>Certain varieties require supplemental light and temperatures in order to grow and perform properly: these will be marked and a 'Growing Recommendations' sheet will be sent with every applicable order. If these instructions are not followed, Swift cannot be liable for any losses or claims.</u> Keep in mind that vernalized plants may arrive dormant and will need time to "green up". If you have concerns, let us know; we will be happy to file a preliminary claim, and wait for the plants to break dormancy before finalizing any claims. Swift Greenhouses will not honor any claims on plants shipped to Alaska or Canada.
Cancellations	Please, no cancellations can be accepted for 275 cell trays once production has begun. Cancellations for 50 cell trays can only be accepted prior to February 1, 2026. Also, no cancellations are permitted on 10 trays or more of one variety after they have been held and acknowledged for 3 months or longer.
Additional Info	<u>A Note on 275 cell tray plugs booked from availability:</u> Plants shipped at once from availability (overage) will not be patched and therefore may be down counted for actual plant count at time of shipping. These items may also be cooled for holding and may be dormant or semi-dormant with yellow or brown leaves; this is normal and will disappear with warm night temperatures above 65 degrees. <u>A Note on Culture:</u> Items with symbol require supplemental lighting and temperatures to finish properly. A "Growing Recommendations" sheet will be included with every shipment. If these instructions are not followed, it may impair our ability to honor any losses and/or claims. <u>Pre-booked 50 cell trays for late spring delivery:</u> Swift is offering PRE-BOOKING for orders of 50 cell perennials shipped March 23 through May 15, 2026. These plants will be held dormant in cold storage for better scheduling of crops, to get predictable blooms throughout the season. As in the past, at once orders from availability will still be shipped during this time with no artificial cooling for as long as the plants can be sent safely. These will be billed with an additional 10¢ per plug Cold Storage Fee.
